

DSB100 Stand

For Roll-Up Signs

Stacker™ Stands

The DSB100 Stacker™ sign stand displays both 36" and 48" roll-up signs. Made of rubber from recycled tires, the Stacker™ features a small foot print, compact storage, and several different models from which to choose.

- Meets MUTCD specifications, NCHRP-350 compliant.
- Low profile rubber base design is ideal for limited storage or display areas.
- Two molded handles allows for easy transport.
- DSB100 features a Latch style pocket sign holder for standard roll-up signs while the DSB100-W comes with the Screwlock™ universal roll-up sign holder.
- The HD models feature increased overall weight for added stability.

Barrier Mounts

For Roll-Up and Rigid Signs

JBM Series

Barrier mount sign stands are designed to display 36" and 48" rigid and roll-up signs on concrete highway barriers. Units are firmly affixed using multiple heavy duty screws. All models feature aluminum masts with either rigid brackets or roll-up bracket depending on model and sign type. The JBM-TF18 series features a double spring system for added stability in windy conditions.
